- Go to website <https://asirgrouppartner.com/>
- You will see this screen first. You need to enter the provided credentials (Username-Password) to login to the Asir Group Partner.

- After you Login, you will be directed to our homepage.
- In this page you can see our categories and you can browse our products under these categories by clicking on the banners.
- You can also access the category you are interested in by hovering on the tab 'Products' at the top of the page.

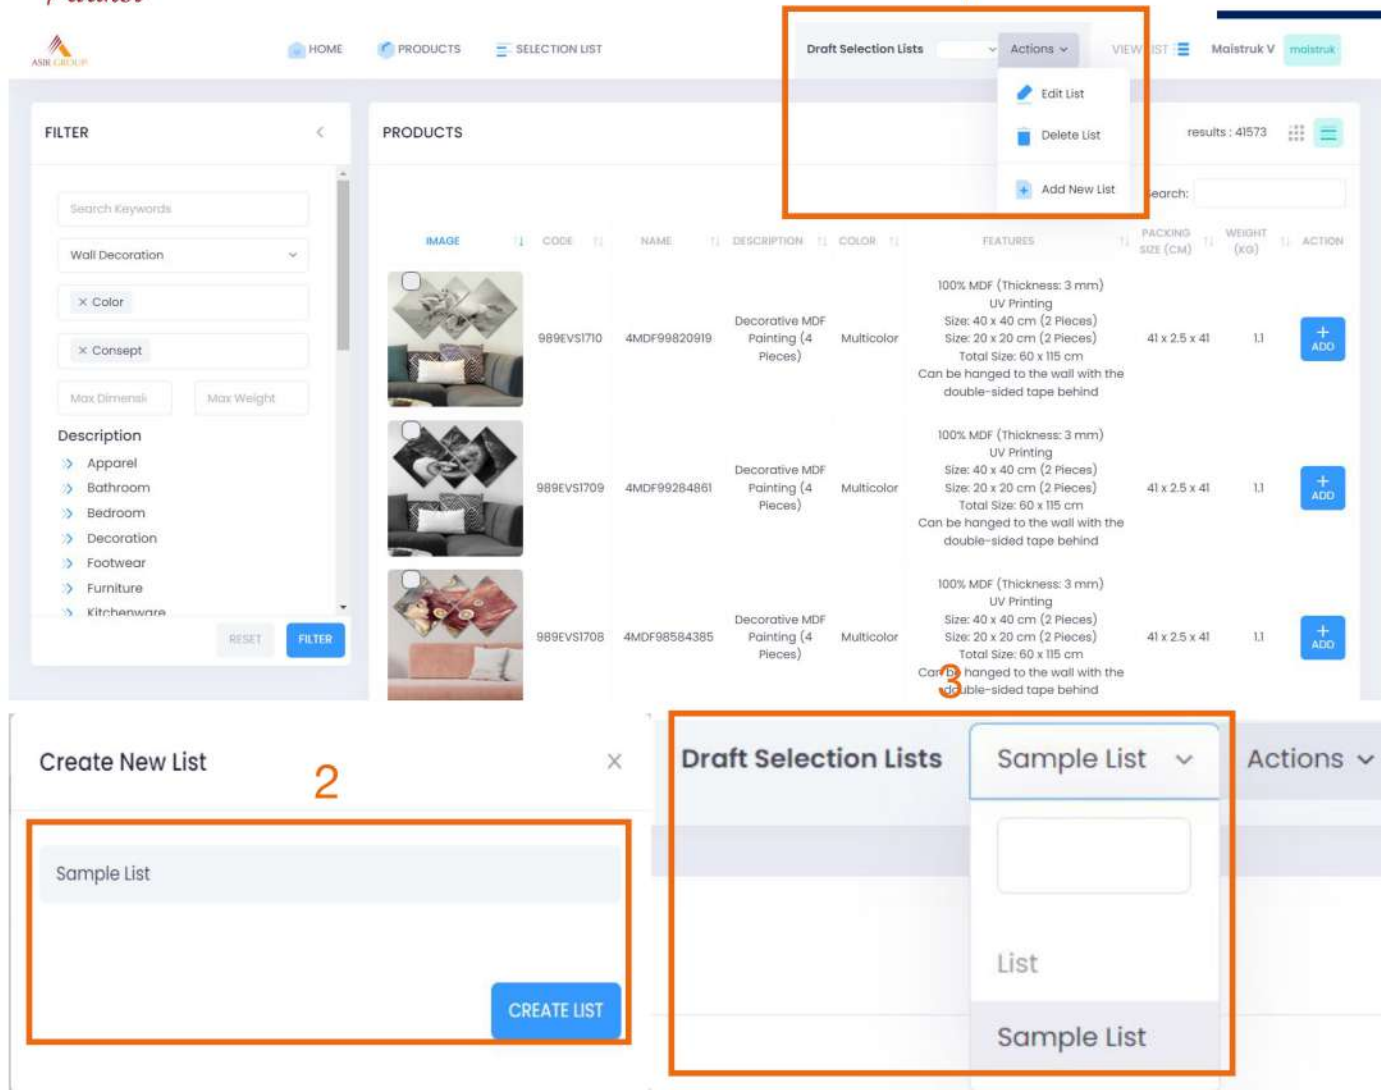

The screenshot shows a product catalog interface with the following elements:

- 1**: A sidebar filter panel on the left containing search keywords, category dropdowns (Wall Decoration, X Color, X Concept), and a description menu (Apparel, Bathroom, Bedroom, Decoration, Footwear, Furniture, Kitchenware).
- 2**: A top navigation bar with a search bar, a view toggle (Grid/List), and a results count (41573).
- 3**: A product image thumbnail in the first row of the product list.
- 4**: A table of product details with columns for CODE, NAME, DESCRIPTION, COLOR, FEATURES, PACKING SIZE (CM), and WEIGHT (KG).

IMAGE	CODE	NAME	DESCRIPTION	COLOR	FEATURES	PACKING SIZE (CM)	WEIGHT (KG)	ACTION
	89EVS1710	4MDF99820919	Decorative MDF Painting (4 Pieces)	Multicolor	100% MDF (Thickness: 3 mm) UV Printing Size: 40 x 40 cm (2 Pieces) Size: 20 x 20 cm (2 Pieces) Total Size: 60 x 115 cm Can be hanged to the wall with the double-sided tape behind	41 x 2.5 x 41	1.1	+ ADD
	989EVS1709	4MDF99284861	Decorative MDF Painting (4 Pieces)	Multicolor	100% MDF (Thickness: 3 mm) UV Printing Size: 40 x 40 cm (2 Pieces) Size: 20 x 20 cm (2 Pieces) Total Size: 60 x 115 cm Can be hanged to the wall with the double-sided tape behind	41 x 2.5 x 41	1.1	+ ADD
	989EVS1708	4MDF98584385	Decorative MDF Painting (4 Pieces)	Multicolor	100% MDF (Thickness: 3 mm) UV Printing Size: 40 x 40 cm (2 Pieces) Size: 20 x 20 cm (2 Pieces) Total Size: 60 x 115 cm Can be hanged to the wall with the double-sided tape behind	41 x 2.5 x 41	1.1	+ ADD

- This is the product view page after you choose the category you wanted to browse.
- In the box number **1**, you can see the filters. Here you can choose the color or the concept of the products. Under description you can also choose different descriptions to filter the products you want to see. You can also search keywords too.
- In the box number **2**, you can change the layout of the page between Grid and List.
- In the box number **3**, you can click on the picture to see the other photos of the product.
- In the box number **4**, you can see the Code, Name, Color, Features, Dimensions and Total Weight of the product. Also, if you hover on the Features column, a pop-up that contains more information about the product will appear.

- To select products you want to purchase or view you first need to create a draft list. To create a draft list:
- In the box number **1** under the tab 'Actions' you can edit and delete your existing lists and you can add new lists. Here you need to click 'Add New List'.
- After this, you will see the pop-up in the box **2**, here you need to give your list a name and click 'Create List'.
- Your list will be created and you can see it next to 'Draft Selection Lists' like you see in the box **3**.

Adding Products to the List

- After your list is created you can add products to it. To add products, in the box number 1, under actions, you need to click add. You can add as many products as you want and they will be automatically saved.
- To see the products currently on your list you need to click on 'View List' in the box number 2.

- After you click on 'View List', you will see the screen in this picture and your products will be listed here similar to the box number 3.
- After you are done with your list and chose the products you want to purchase, you can click 'Approve the List' in the box number 4.

Approving the List

- Excel Sheet you export will look similar to this picture and you can access and use all the data you require easily via this function.

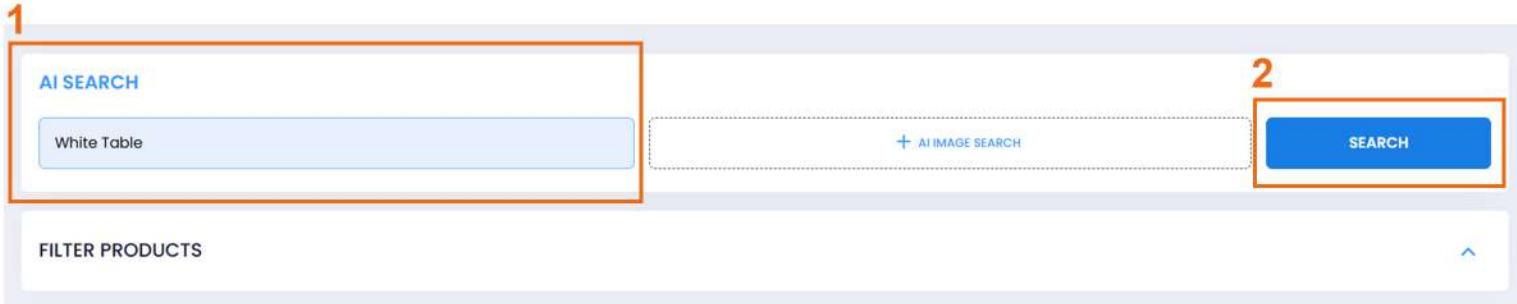

- The **AI Search** feature allows you to search products by using **artificial intelligence**. This feature analyzes the **visual content and context** of product images and displays relevant products based on your search.

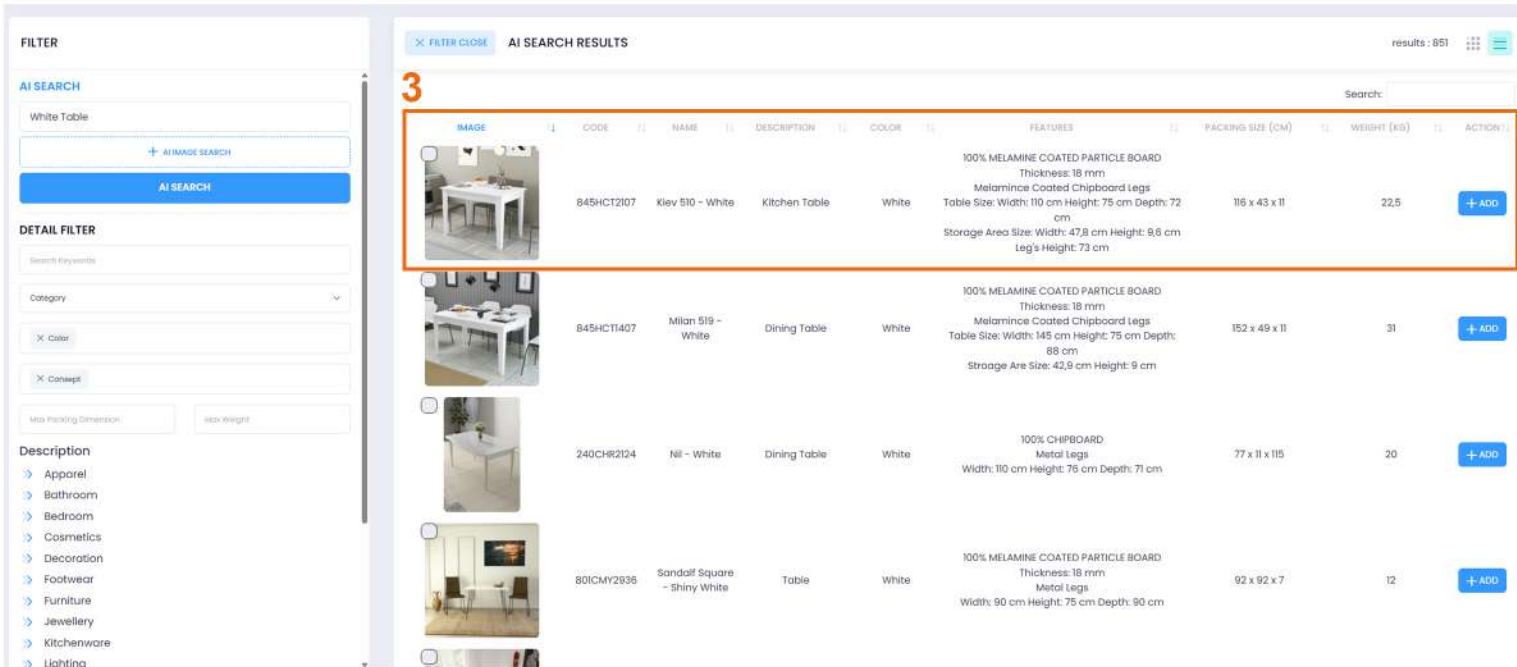

You can search by typing a **product description, keyword, color, material, style, or object name**. You can also upload a **reference image** to find products with **similar visual elements**.

Important Note:

AI Search works independently from the product stock card information. It does not search only by **product code, product name, category, or written product details**. Instead, it analyzes the **image content** and brings results according to the **visible elements in the product images**.

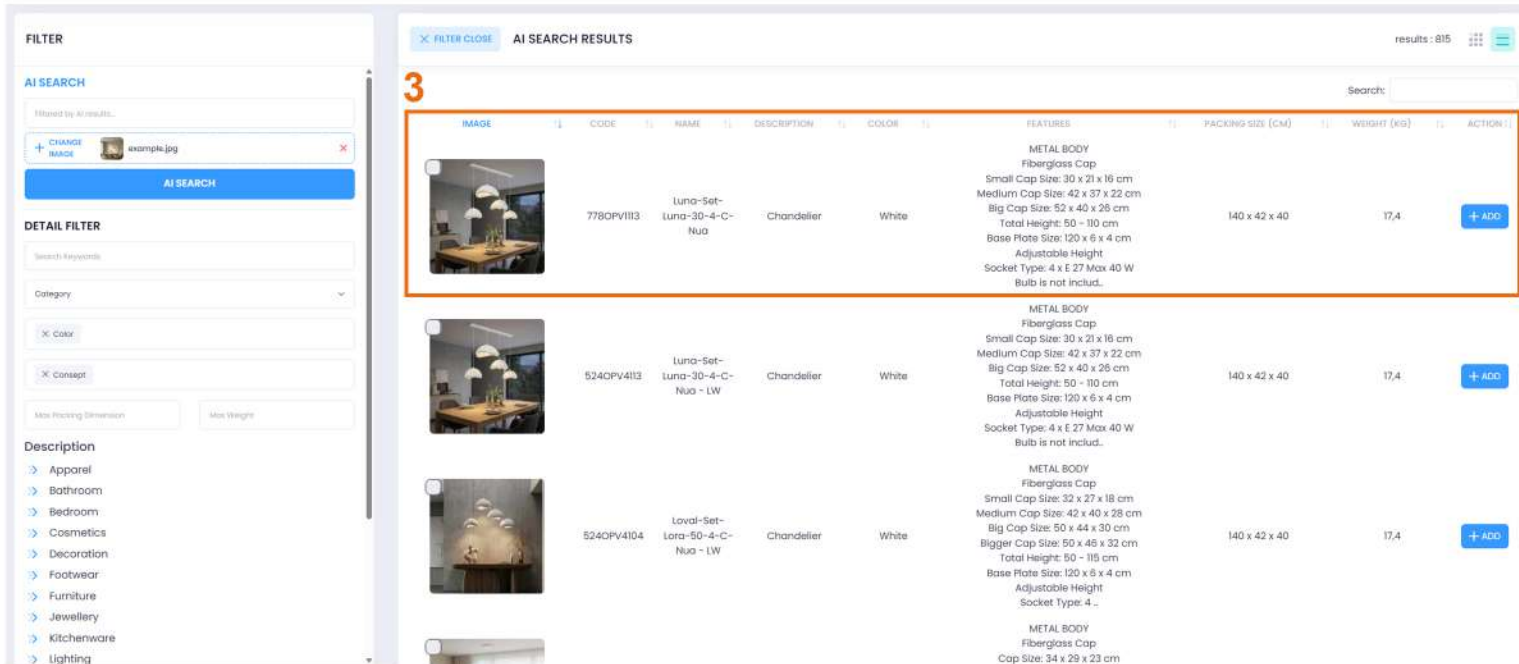

- Use the keyword search area when you want to find products by describing what you are looking for.

1. Click the **Search by Keywords** field. Type a description of the product you want to find. **For example: White Table**
2. Click the **Search** button. The system will analyze the product images and list the products that visually match your search.
3. The search results are displayed under **AI Search Results**. You can review the **product image, code, name, description, color, features, packing size, weight**, and add the product to your selection list by clicking the **Add button**.

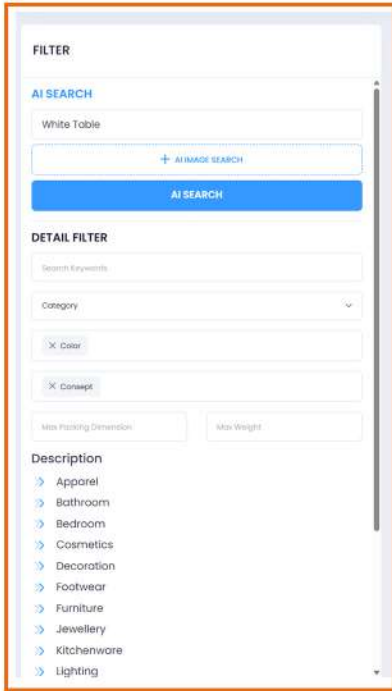

- Use the image search option when you want to find products that are visually similar to a reference image.

1. Click **AI Image Search**. Upload a reference image from your device. After the image is uploaded, the file name will appear in the search area.
2. Click the **Search** button. The system will analyze the uploaded image and list products that contain similar visual elements. You can change the uploaded image by clicking Change Image, or remove it by clicking the **X** icon.
3. The search results are displayed under **AI Search Results**. You can review the **product image, code, name, description, color, features, packing size, weight**, and add the product to your selection list by clicking the **Add button**.

- After performing an AI search, the matching products are listed in the **results table**.

1. You can use the list view or grid view icons to change how the results are displayed.

2. After the AI results are displayed, you can narrow down the results by using the filter panel on the **left side**. These filters help you refine the AI search results and find the most relevant products faster. **You can filter products by:** Keywords, Category, Color, Concept, Maximum packing dimension, Maximum weight, Description.

3. **The results table may include the following information:** Product image, Product code, Product name, Description, Color, Features, Packing size, Weight

4. To add a product to your selection list, click the **Add button** next to the product.
